What this pack gives you

Use the list to shortlist and enquire. Use the checklist to decide whom to buy from.

Coverage	What is included
20 leads	17 Tamil Nadu · 2 Kerala · 1 Karnataka
Contact routes	18 with a published phone or email; 2 enquiry-only
Source trail	A clickable source and a supplier-specific follow-up for every lead
Working tools	Excel filters, enquiry tracker and quote comparison

Research status

Public pages and listings were checked on **1 November 2026**. No calls, identity checks, sample orders, stock checks or export-performance checks were carried out. These are **researched leads, not verified suppliers**.

Your first three actions

- Choose one leaf format, delivery point and approximate quantity.
- Send the same request to a short list so the quotes are comparable.
- Confirm business identity and test a small batch before a larger commitment.

Published phones may not support WhatsApp. Marketplace access may require an account. Contacts and terms can change.

Thanjavur | Tamil Nadu | Company website

Offers: Fresh and custom-cut banana leaves; dried leaves also listed.

Phone: +91 9944507648
Email: vamsavalitamil@gmail.com

Before you order: No banana-leaf MOQ found on the reviewed page.

Ask: Ask for harvest location, cut dimensions, weekly availability and dispatch point.

Research note: Confirm current supply and sample quality before treating this as a farm-direct source.

Sources: Company profile and contact

BL02 DI Exports

Kumbakonam | Tamil Nadu | Company website

Offers: Fresh banana leaves in its product catalogue.

Phone: +91 9787163960
Email: info.diexports@gmail.com / j.manikandan@diexports.com

Before you order: Request a fresh written MOQ and packing quotation.

Ask: Ask whether it sells domestically to a merchant exporter and what the delivered price includes.

Research note: A published export claim does not establish current destination approvals or capacity.

Leads 05 - 06

BL05 Blessing Cargo

Tiruchirappalli | Tamil Nadu | Company website

Offers: Poovan banana leaves advertised at 2.5 feet, with 55 or 60 leaves per carton.

Phone: +91 9787612229; +91 9787632229
Email: aircargotrz@gmail.com

Before you order: Published carton counts are an enquiry starting point, not a current supply commitment.

Ask: Get leaf, packing and freight charges separately; establish whose IEC and invoice will be used.

Research note: It is a cargo-linked lead; a direct grower relationship and UK delivery capability are not established.

Leads 07 - 08

BL07 Linga Coconuts

Tirupur | Tamil Nadu | Company supplier storefront

Offers: Fresh green banana leaves and sheets; bag packing advertised.

Email: lingacoconut@gmail.com

Before you order: Ask for cut-size options, sample quantity and bag/carton count.

Ask: Confirm interstate dispatch, packing suitability and willingness to supply a merchant exporter.

Research note: Export capability is not established. A publicly readable direct phone was not available.

Sources: Company catalogue and contact

BL08 Yehova Farm Foods / Yehova Groups

Cumbum, Theni | Tamil Nadu | Company website

Offers: Banana leaves appear in its agri-products catalogue.

Phone: +91 8682833233
Email: yehovabananaprocurement@gmail.com / info@yehovagroups.org

Before you order: Request leaf-specific capacity and packing, separate from banana-fruit operations.

Ask: Ask how many usable leaves it can supply each week in your required cut size.

Research note: Banana-fruit export claims do not establish banana-leaf export performance.

Leads 09 - 10

BL09 Comorin Internationals

Suchindrum, Kanniyakumari | Tamil Nadu | Company website

Offers: Fresh banana leaves and curry leaves advertised.

Phone: +91 8056633033
Email: comorinenquiry@gmail.com

Before you order: A generic one-tonne minimum appears on the site; banana-leaf applicability is unclear.

Ask: Confirm the leaf-specific MOQ, order unit, carton dimensions and sample route.

Research note: Do not treat the generic MOQ as a confirmed banana-leaf requirement.

Sources: Company product range and contact

BL10 Rajan Exports

Kattumannarkovil | Tamil Nadu | Company website

Offers: Banana leaves in its export catalogue.

Phone: +91 7200796136
Email: rajaneximS@gmail.com

Before you order: No current stock, MOQ or freight quote independently confirmed.

Ask: Ask for present harvest district, minimum order, packing photos and nearest dispatch airport.

Research note: Check leaf-specific experience rather than relying on general export marketing.

Sources: Product catalogue and contact

Leads 11 - 12

BL11 Matre Exim

City not disclosed on reviewed page | Tamil Nadu | Company website

Offers: Fresh banana leaves advertised for export enquiries.

Phone: +91 7010789115
Email: matreexim@gmail.com

Before you order: No dependable current MOQ or packing schedule established.

Ask: First request legal business name, operating address, invoice details and a sample quotation.

Research note: The reviewed homepage does not establish an operating city; export-country counts were not relied on.

Sources: Company product range and contact

BL12 Lerar Group

Chennai | Tamil Nadu | Company website

Offers: Fresh banana leaves; bags and cartons advertised.

Phone: +91 8248008951
Email: info@lerargroup.com

Before you order: Packing-weight descriptions vary across the product page; obtain a written packing specification.

Ask: Confirm net versus gross carton weight, usable count, treatment and storage requirements.

Research note: No organic certification or shelf-life claim has been independently validated.

COPY AND SEND

A quote request that works

Replace the bracketed fields. Send only to businesses you choose to contact.

First enquiry

Hello, I am [name] from [business/city]. I am looking for **[fresh whole / fresh cut / frozen / dried] banana leaves** for [domestic sale / supply to an exporter / own export].

Required size: [length × width]. Trial quantity: [pieces or kg]. Delivery: [city / airport / PIN]. Target date: [date].

Please share: available grade and quantity; MOQ and rate with unit; usable count or net weight per carton; packing charges; transport cost; harvest-to-dispatch time; payment terms; and replacement terms for damaged leaves.

Please also send your legal business name, invoice details, dispatch address and recent photos of the leaf and packed carton. What would a small paid sample cost?

Follow-up after the first reply

Thank you. Please confirm the quote validity, total payable amount and exactly what is excluded. Can the trial use the same leaf grade, packing and delivery route planned for a regular order?

For international supply, separately ask who handles customs, plant-health documents and destination clearance. A leaf quote alone does not answer these questions.

SAMPLE BEFORE SCALE

Check a batch, not a photo

Agree on acceptance criteria with the supplier and your buyer before dispatch.

Check	Record when the sample arrives
Identity	Invoice name, payment beneficiary, dispatch location and contact person agree.
Product	Whole/cut form, dimensions, count or net weight match the written order.
Condition	Photograph tears, yellowing, bruising, visible mould, pests and contamination.
Packing	Record carton size, net/gross weight, liner, moisture and damage on arrival.
Journey	Record dispatch and arrival times, delivery route and storage instructions.
Buyer trial	Ask the intended buyer to test handling and suitability for its intended use.
Remedy	Confirm the evidence, reporting window and refund/replacement terms in writing.

Keep the evidence

Save the quote, invoice, payment record, dated unboxing photos and buyer feedback under the supplier ID. A good-looking sample is not a food-safety or phytosanitary certificate.

Do not infer shelf life from a website. Test the agreed handling and transit conditions with the buyer before committing to a route.

COMPARE AND DECIDE

Compare the total delivered cost

The companion workbook gives you one editable row for every lead.

Use the same basis

Compare the same leaf format, dimensions, quality, quantity, destination and delivery date. A per-kilogram quote cannot be compared with a per-piece quote until you measure the usable yield.

Domestic cost per usable leaf

(Leaves + packing + inland freight + other non-recoverable costs) ÷ usable leaves received

The Excel tracker calculates this only after you enter every cost field and the usable count. Enter 0 for a confirmed zero charge; leave unknown costs blank.

Then make a small decision

- Choose a trial supplier whose written terms and sample meet your needs.
- Keep another suitable supplier available for shortages or rejected batches.
- Confirm stock and quote validity again before each purchase.

Export orders need a separate full cost sheet: international freight, clearance, certificates, handling, insurance, destination charges and expected wastage. The tracker is a domestic sourcing comparison, not an export-profit forecast.

This pack does not sell or represent the listed businesses. It contains public business contacts and original enquiry tools. Listings may change after the research date.
